

Wright Law Firm

CONTRACTS

Overview

Wright Law Firm handle all aspects of commercial contracts - from procurement to dispute resolution - for companies of all sizes in a full spectrum of industries.

Knowing that legally sound contracts are a key component of a strong business, our team members take every step to ensure we protect our clients' best interests when negotiating, drafting and managing contracts as well as handling issues that arise as a result of such agreements.

We serve as our clients' trusted legal advisor, helping our clients achieve their business objectives while managing and minimizing their legal risks, difficulties and expenses. Furthermore, we take great pride in not only knowing our clients' industries but also understanding their unique business processes.

Our distinctive strengths include commercial contracts supporting:

- Joint ventures
- Partnerships
- Service providers
- Buy-sell deals
- Suppliers
- Vendors
- Distribution
- Information technology systems development and services
- Information technology outsourcing
- Computer systems and data processing
- Spatial law
- Aircraft leases and sales
- Aircraft management
- Licenses
- Financing
- Franchises
- Real estate sales and leases
- Equipment leasing and acquisition
- Employment and severance agreements
- Manufacturing agreements
- Maintenance agreements
- Contract dispute resolution and litigation

We offer a depth of experience working with regional to international businesses in a variety of industries, including healthcare, banking, telecommunications, energy, construction, trucking, transportation, aviation, manufacturing, internet and e-commerce, insurance, community associations, real estate, franchise, and hospitality and tourism. In addition, many of our attorneys serve as general counsel to companies in these industries and have a keen appreciation for the issues covered in commercial contracts.
